# Discipleship Training School

Milano, Italy

27<sup>th</sup> September 2010 – 6<sup>th</sup> March 2010

Thank you for your interest in our school! We are sure this is going to be a very special DTS for many reasons, not the least of which is you. God bless you as you are praying for this next step in your life! Please read through all the information, as there is some vital information about your DTS.

## General information about the DTS in Milan

- The school is meant for students who have a personal relationship with God and a desire to grow in that relationship and to be missionary where ever God will call you to be.
- Since this is a pioneering operation location you will be extra challenged in your faith, flexibility and leadership skills.
- This DTS has a special focus on city ministry. There will be a weekly outreach in the city where students can be part of pioneering a new ministry in the city.
- We expect the students to participate in all school activities and follow the regulations of the school.
- This DTS will be in both Italian and English and everything will be translated. It is possible to do the DTS here even if you only speak English or only Italian.
- The Discipleship Training School lecture phase is followed by an outreach. This is part of the school program, and each student is expected to participate. If for some reason you are unable or unwilling to be involved, we will be available to discuss this further. As for the outreach location, we are still in the process of praying and hearing from God.
- This is going to be a family-structured, self-organised DTS, where the students are taking an active role in organising themselves outside of the lecture room.
- The students have daily work duties to maintain a clean living space, prepare food, and to be a blessing for others as well.
- Most weekends are free. There will be some weekend activities throughout the school (such as local outreach) that will be announced beforehand.
- On Sundays the students are expected to go to a local church. This is important in order to be part of the local body of Christ.

## Application process

1. Fill in your application form (including answering the questions on a separate paper) and send it to us at:  
YWAM Milano, Via G.L. Banfi 10/d, 20140 Milano, Italia
2. Give 3 reference forms to your: a) pastor b) employer/teacher c) friend d) medical doctor
3. Pay 55 euro application fee (this is non-refundable and is not included in your school fee.)

Once we receive your application, we will pray over it and for you. Please wait until you receive the acceptance letter from us before applying for a visa, if you need one. Once you have been accepted, you enrol in the school by paying a registration fee of 200 euros.

## Fee payment and Refund policy

The school fee is 1950 euro for the lecture phase. This includes accommodations, meals, tuition, study materials and the possible costs of evangelistic outreaches during the lecture phase.

The outreach fee is approximately 1500-2000 euro, depending on the destination. This includes return airfare, accommodation, meals and transportation in the country of destination.

The timetable of payment is as follows:

- ✓ The application fee of 55 euro must be paid in order for the application to be processed. In other words, we cannot afford to spend the time and money to process your application until we know that you are committed to this school. Part of this money goes to the University of the Nations to register you for accreditation.
- ✓ The registration fee of 200 euro must be paid when you receive your acceptance letter. (This registration fee is included in the tuition price.) If you decide not to attend the school for one reason or another, please inform us at least 14 days in advance of the school's starting date in order to receive a refund of 50% of the registration fee. If you don't inform us at least 14 days in advance of your withdrawal from the school, there will be no refund. We are pretty strict in this because we need to know how many students we have for renting an apartment.
- ✓ The rest of the tuition fee, 1750 euro is recommended to be paid before the start of the school but must be paid by the end of the first week of the school. We are open to discuss any special needs or circumstances you may have.
- ✓ The outreach fee must be paid during the lecture phase, before leaving on the outreach. (Further dates will be announced.)
- ✓ If you withdraw before completing the school you will receive a refund for the paid fees minus the registration fee and per a day payment for the time spent at the school.

## The Live-Learn Process

The live-learn concept means establishing community for the purposes of learning. Following Jesus' example and others from the Bible and throughout history, we work to establish a community of common values to learn together. We believe that learning takes place best in the context of relationships. The strong emphasis placed on relationships between students and staff and on small groups and student activities provides a secure atmosphere that optimises the learning experience.

The 'classroom' becomes a lot more than the place where students sit down and take notes. It means practical workshops and interaction, working together on projects, small group activities, communal worship, prayer, meals and social activities.

Students find themselves learning from staff in the classroom, in the streets, in the kitchen, in the workshops and in many other situations that promote learning and personal development. It is a community learning experience based on the scriptural principle of a body of believers who are one in spirit and working together as a team toward the same objectives. Teamwork implies a sharing of resources, ideas, talents and a working together in unity. The great variety of course-related activities provide a rich medium for deep relationships.

Students live in accommodations arranged and supervised by Youth With A Mission. Staff also share similar (or the same) accommodations during the classroom phase and usually the same accommodations during the field assignment phase. Living and learning together provides staff with unique opportunities for assessing students in terms of achievement, character and attendance. (U of N teaching policy)

## Living conditions in Milan

Milan is the beautiful, multi-cultural economical capital of Italy. YWAM Milan is a very new operation location, only launched in autumn 2008! This means that we still don't have many long-term staff members and any permanent facilities. For this DTS we are renting apartments in the city. The weather during the school season in northern Italy is not very warm. In spite of warm autumns, it gets quite cold towards Christmas time. We recommend you bring enough warm clothes, as it may be cold indoors as well. However, you should bear in mind that storage is limited and you will also need to be able to carry everything with you on outreach. There is no storage space on base for your things while you are on outreach.

Students will live and eat together. Since we are not a big base, we are able to offer you as close as possible to a "real life" experience in the city. The apartment which you will be sharing will have all the necessities, but you do need to bring your sleeping bag (and your own pillow if you would like) that you will use during outreach as well.

You are going to live not too far from the city centre where all the public transport is also easily available.

## Living expenses

Accommodations are provided as part of the fees. This includes all meals and total accommodation costs with the exception of telephone and personal toiletries. You also may want to buy these here in Milan. You will need to bring a sleeping bag for the outreach, so it may be best to use it for the lecture phase as well.

Milan is a fairly expensive city and students are encouraged to exercise good money management during the school. If you desire to travel around the country a little during your lecture phase (there will be time on some weekends) the regional trains are not too expensive. Public transport in Milan costs 1euro/75minutes each way (including underground, bus and tram). But as mentioned before this is not included in the tuition fee. Extra costs for the local outreaches are covered.

## Information Regarding Student Visas

Please DO NOT apply for a visa before enrolling to the school. Ask for more information from: [ywammilano@gmail.com](mailto:ywammilano@gmail.com) or skype: ywammilano

## Information Regarding Student Insurance

Each student is required to have up-to-date health insurance for both the lecture and outreach phases, which must cover the outreach location as well.

## Extra info

If you need help to go through the whole process, or you need specific prayer, we are committed to helping you in any way we can.

So feel free to drop us an email or phone us at: 0039 02 36510469
